To whom it may concern,

I am pleased that I can write this letter of recommendation for Eleni Stang, a dedicated and accomplished educator who has recently served as a long-term substitute for a kindergarten class at Carmel Creek Elementary. During her tenure at Carmel Creek Elementary, Eleni seamlessly stepped into her role as a long-term substitute for a kindergarten class. Notably, I reached out to Eleni the night before our meet the teacher event, the Friday before, with the start of the school year for students on the following Monday. The previous teacher on record had resigned from the position that Thursday. Eleni's ability to adapt quickly, coupled with her positive attitude, made a significant positive impact on both students and staff on Day 1.

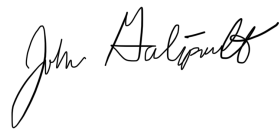

I have had the privilege of working closely with and supervising Eleni over the past few months, during which time she demonstrated exceptional teaching skills, commitment to student success, and a passion for creating a positive and inclusive learning environment. Eleni was extraordinary in her ability to effectively communicate with families and her dedication to creating a welcoming classroom for each and every student. Her expansive elementary educational background is impressive from the Kinder to sixth grade range.

Eleni's teaching experience extends beyond kindergarten, as evidenced by her work as a substitute teacher in all five North County Coastal Substitute Consortium school districts. What sets Eleni apart is not only her extensive teaching experience but also

her commitment to professional development. She actively seeks opportunities to enhance her skills and knowledge, as demonstrated by her participation in educational conferences, workshops and requests from me to provide feedback through classroom observations.

I recommend Eleni Stang for any elementary teaching position. Her passion for education, adaptability, and commitment to student success make her an outstanding candidate. If you have any further questions or require additional information, please do not hesitate to contact me as I welcome further dialogue and insight.

Sincerely,
